"Woodmont College affords me the opportunity to earn my bachelor's degree in a flexible venue, without compromising on the quality of my education. The calendar of study accommodates my religious needs. The flexibility of the program allows me to work while I'm in school."

*Shayna T., BS in Computer Programming & Technology, 2020 Student*

### ACCREDITATION:

## WHY WOODMONT COLLEGE?

### FLEXIBLE ONLINE STUDY

Study in Yeshiva or keep up with a job while pursuing your degree. Reach your higher education goals without disrupting your daily schedule.

### AFFORDABLE

Woodmont College is more affordable than other online programs and regular colleges and multiple scholarship options are available.

### APPROVED CURRICULA

We design the curriculum ourselves. All courses are under the auspices of Woodmont College. Students are not required to attend any courses at an outside college.

### SUPPORTIVE

Study online but not alone. We are attentive to the needs of our students and provide individual guidance and support. You can expect accessible staff, responsive instructors, dialogue with your peers and weekly discussion boards.

### ACCREDITED DEGREE PROGRAMS

All Woodmont College degree programs are accredited by the Distance Education Accrediting Commission (DEAC) the leading accrediting agency for online studies.

### JEWISH ENVIRONMENT

Class discussion boards and live classes are separate for men and women. Classes take place online and all communication happens on a safe and monitored online platform.

### SAFE CONTENT

We work with Technology Awareness Group (TAG) and all programs can be completed with filtered internet.

### PRACTICAL SKILLS

The course material combines theoretical and practical studies. The students gain practical, real world skills and are able to apply the knowledge through simulations of real world scenarios.

## Our Student COMMUNITY
